

# Solution

**J-Ex: 'creating a space for institutions to have the conversations they need to have'**

## What is the idea?

Create a Jisc version of Ted-Ex (Ped-Ex – pedagogic exchange)

Support conversations institutions need to have – at different levels

Facilitate and legitimise embedding of effective practice

Which national bodies and which change agents inside institutions will mainly be involved?

Jisc and partners

Keen practitioners

Students and student bodies - essential

## How will this help institutions?

Evidence of impact

Enhanced student performance

National recognition

Contextualised, authentic examples

## How will this enhance the student digital experience?

Elevate and legitimise innovation and effective teaching practice

Change in practice

Student co-design an essential principle – students could drive the process
